MS612

**6 x 12' - 3 Deck
High Capacity Multi-Slope
Screen Plant**

MS612 6 X 12'- 3 Deck Screen Plant

High Capacity Multi-Slope Screen Plant

EASIER & SAFER SCREEN CHANGES

- Less screen cloth
- Side access holes allow easier access for screen changes and maintenance. No need to enter the screen box.
- End tension
- No clamp bars
- 24 bolts, washers & nuts vs. 120 bolts, washers & nuts.

SIMPLIFIED MAINTENANCE & SERVICE

15 HP Electric Vibrating Motors

- No eccentric shaft, bearings, gears, seals, sheaves or guards to service, replace or store
- Adjustable counterweights (Throw)
- 3 ounces of grease per season vs. 200 tubes of grease or 50 gallons of oil.

MORE PRODUCTION

Than a 6'x 20'-3 Deck Screen Plant

BETTER • FASTER • SMALLER

THE SECRET IS EFFICIENT SCREENING

- Primary high angle panel results in rapid fines removal.
- Secondary lower angle panel results in accurate sizing and stratification associated with horizontal screening.

EASIER TO MOVE, SET UP AND USE

*SMALLER footprint – 51 ft long
and 64,000 lbs. (Total Weight)*

Adjustable Height
Feed Hopper

Adjustable Height
Head Section On
Feed Conveyor

Adjustable Height
Discharge Conveyor

12V Hydraulic Leveling

Hydraulic Screen &
Sub-frame
Raise & Lower

LESS HASSLE
