

# Cold Bin Feeders

## Heavy Duty Multi-Bin Feed System

Multi-Bin feeders are ruggedly constructed and available in portable, skid mounted and modular configurations and offer a wide range of capacities depending on requirements.

### SPECIFICATIONS

Due to their modular design, our cold bin feeders are easily adaptable and can be outfitted with hydraulic grizzly's, Scalping screen, belt scales, vibrators and samplers for added versatility.

#### Heavy Duty Construction

- Self relieving hopper assembly - 1/4" plate
- Slide out feeder cartridges
- Grease take-ups
- Rubber lagged head pulleys and self-clean tail pulleys
- 3 ply-600 1/4" Conti Tech Pylon Plus Conveyor belt with vulcanised splice
